

EVENT: Geodynamics and Geospatial Research 2023

Within the framework of 81st International Scientific Conference of the University of Latvia, the Institute of Geodesy and Geoinformatics is organising the international scientific conference - Geodynamics and Geospatial Research 2023. The conference will take place on 1 June 2023 at the House of Sciences of the University of Latvia.

Work language of the conference - English. There is **no participation fee** for the conference and you are kindly invited **to register here by 25 May 2023**.

Abstracts of the presentations will be published in the abstract book. Abstracts to be submitted by 22 May 2023. Abstracts can be submitted preferably via INDICO system [HERE](#) (registration necessary). In case of difficulties abstract can be uploaded (not preferable) during the registration process [HERE](#).

Recommended topics but not only for the conference are:

- Geodynamics and geospatial research;
- Gravity field, Geoid models and height systems;
- Astrogeodetic measurements;

- GNSS and satellite geodesy;
- Leveling networks;
- Survey Engineering;
- Photogrammetry, Remote sensing;
- Geographical Information Systems (GIS);
- Unmanned aerial vehicles (UAV);

PROGRAMME IS AVAILABLE AT THIS LINK.
